Dear Brian

Re: Patricia Shepherd Rebranding

I would just like to say thank you for all your help with the rebranding of our business including design and implementing our new logo, new website and Google advertising.

We have had great feedback from our clients with reference to our website and our new look.

We are always grateful for the new ideas and initiatives that you put forward and hope to continue our business with you for the foreseeable future.

Yours sincerely

Martin Jackson FARLA - Manager
For and on behalf of Patricia Shepherd
